PROFESSIONAL SUMMARY

Motivated Full Stack Developer proficient in React , Angular ,Java, Spring Boot, Hibernate, and SQL. Experienced in building responsive web applications and managing MySQL databases. Dedicated to delivering scalable solutions and contributing to innovative projects within a dynamic team environment.

EDUCATION

Bachelor of Engineering (B.E) in Computer Science 2020 - 2024

SNJB's Late Sau. K. B. Jain College of Engineering, Chandwad. | CGPA: 8.86

Higher Secondary Certificate (HSC) – Science 2019 - 2020

SNJB's High School Chandwad.| Percentage: 60

Secondary School Certificate (SSC) 2017 - 2018

Dr.N.K.Gaikwad Vidyalaya Uswad.| Percentage: 84.80

SKILLS

Programming Languages	Java, SQL	Databases :	MySQL
Front-End Technologies	Angular, React, NgRx, HTML, CSS, JavaScript, Bootstrap		
Back-End Technologies	Springboot, Hibernate		
Tools	Git, GitHub, Eclipse, VS Code, Postman		
Soft Skills	Problem-Solving, Teamwork, Leadership		

EXPERIENCE / INTERNSHIP

Software Developer | Senwell Solutions Pvt. Ltd. June 2025 - Present

- As a Software Developer at Senwell Group Pvt. Ltd., I work on building responsive web applications using Angular and React frameworks.
- Develop and maintain dynamic UI components using Angular Material and React Hooks, Context API, ensuring seamless and responsive user experiences. Integrate RESTful APIs and handle data using Angular Services and React Axios for smooth backend communication.

Java Fullstack Intern | Almanet Professional Services Dec 2024 - May 2025

- I developed interactive and responsive user interfaces using React, integrating APIs to enhance user experience. Also contributed to building scalable Spring Boot backends and designing well-documented RESTful APIs for smooth frontend-backend integration.

PROJECTS

Manage My Health – National Digital Healthcare Platform (New Zealand)

Worked on Manage My Health, a New Zealand-based digital healthcare platform enabling secure access to personal health information and provider interaction. The application supports appointment booking, medical record and lab result viewing, repeat prescriptions, reminders, and secure messaging. Developed responsive user interfaces using Angular. Built and maintained backend services using .NET. Managed data operations using SQL Server, ensuring secure and efficient data handling.

dineoutwith.us – Social Dining Platform (USA))

Worked on dineoutwith.us, a US-based social dining platform that enables in-restaurant dinner parties for groups of 6 or more. Contributed to building and maintaining front-end modules using Angular to deliver a smooth and intuitive booking experience. Integrated payment workflows using Stripe for advance booking and bill splitting, and collaborated on backend features supporting guest invitations, dietary preferences, and event logistics. Also worked on implementing co-host functionality, allowing multiple users to jointly organize dining events.

QuickAttend | Project Link | Live

Technology Used : Angular, Java , SQL ,SpringBoot , Hibernate , etc.

QuickAttend is a web application built with Angular, Spring Boot, Hibernate, and SQL to streamline attendance tracking for faculty members, reducing paperwork and improving accuracy.

CERTIFICATIONS

- Full Stack Java Developer - The Kiran Academy, Pune.** June 2024 - Dec 2024
